28VDC Banded Cable Assemblies & Connectors

28VDC Banded Cable Assemblies

The high-quality alternative to existing attachable designs based on a proven and reliable design for connectors and cable assemblies. Designed to meet the appropriate military standards. Cable assemblies are available in 2/0, and 4/0 sizes and can be configured numerous ways and can be molded or bolted on.

Part Number	Description
PB2816-XX (length of cable in feet)	28VDC cable assembly 2/0 AWG with non-metallic bands
PB2817-XX (length of cable in feet)	28VDC cable assembly 4/0 AWG with non-metallic bands

28VDC Connectors

Our reliable design allows you to replace damaged ground power connectors or make complete assemblies.

Molded of Hypalon, they have excellent abrasion and chemical resistance. Power contacts are silver plated copper with a minimum of 90% IACS conductivity.

3 Pole Plug Kit

Meets MIL-C-7974D

3 Pole Portable Receptacle Kit

- All of our connectors and cable assemblies are available in a wide variety of sizes and configurations to meet all your ground power needs.
